CORN HYBRIDS

PS 78A NEW \$119

Early corn with fast drydown. Medium height plant with acceptable agronomics. Early black layer helps beat the frost.

PS 84A \$129

The most consistent performing 85 day corn on the market of the 85 day zone. Works from Washington to New York. Fast emergence and good vigor lets this work well for no till. Good test weight grain on a large plant.

PS 87C NEW \$129

Newer genetics delivers modern day yields. Very good agronomics. Very adaptable to variable conditions. Medium tall healthy plant.

PS 90A \$129

This is a racehorse that has exceeded 260 bushels per acre in University yield trials. Excels under the best conditions - plenty of moisture, good soil, good weed control.

PS 92A (White Cob Silage / Grain Corn) \$129

Tall plant, flex ears, darker orange kernels on a white cob. Very good stalks, grain quality, and dry down give you the option to harvest for grain or silage.

PS 94A \$119

12 year track record of consistent performance even under stress. Plant this corn in any field under any management and it delivers. High yielder when the conditions are good. Solid agronomics, flexible ears, and good test weight. Plant it from 22k to 30k per acre.

PS 102 HDS (High Digestible Silage) \$129

Floury grain on tender white or pink cobs. Very flexible ear on a good stalk that stands until YOU are ready to harvest. Can be harvested for grain or silage. Medium tall plant that handles stress.

PS 105 \$119

Excellent choice for silage corn. Very big plant will fill the silo. Good agronomics. Very versatile - works on many soil types. Very flexible ear lets you vary the population to match field conditions.

NOW AVAILABLE!

SWEET CORN

SWEET CORN NEW

Project Seed is now offering an assortment of sweet corn to choose from. Options are Ambrosia and Bodacious. Many other varieties available if pre-ordered.

Ambrosia - \$75.00 / 5 lb. bag

Bodacious - \$75.00 / 5 lb. bag

25 lb. and 50 lb. bags also available.

MORE...

ADDITIONAL CORN HYBRIDS ALSO AVAILABLE FROM FOUNDATION DIRECT SEEDS

If you don't see a hybrid from Project Seeds that fits your farming practice, call us with your needs.

We have very competitive priced seed of all types.
