# GUIDING PRINCIPLES FOR A CONFUSING AGE

**Camille Pauley**

President and CEO (Co-founder)  
of Healing the Culture

Keynote speaker for Saturday

Camille Pauley is co-founder and President of Healing the Culture, a nonprofit organization that uses "Life Principles" to change the way people think about life. Under Camille's leadership, Healing the Culture has quickly grown into an internationally recognized organization, a multitude of nationally acclaimed products and resources, and tremendous influence in the cultural battle that seeks to undermine the dignity of each human person.

Camille received her B.A. in Communication from the University of New Mexico, and an M.A. in Communication from Washington State University. She likes to note that when she was in high school, she met the legendary actor Gregory Peck and asked how she could become a famous movie star. He answered, "It's not what you think, kid. Do something more important with your life." And that's exactly what she did.
