VIRTUAL PRESENTATIONS

Today's middle schoolers and high schoolers face new pressure. Social networking and the whole gamut of virtual reality present new horizons of connectivity, yet often without real engagement, adding to the hard task of early adolescents finding their identity. We need a message of hope that is more powerful than the glitter of society's offerings. This is what Pope St. John Paul II's Theology of the Body provides, for it resonates with the deepest desires of our heart.
