**Bulletin  
Announcement**

**New Life Resource Center** has been helping women in our community for over 40 years. We offer friendship, caring counsel and practical assistance (diapers, infant/toddler clothing-up to 5T, other baby items) for moms who are taking care of newborns and toddlers. We also encourage our clients to make God-pleasing choices and to teach their children about God. To help them do this, we provide age appropriate Bible materials for infants and toddlers. All items are offered free of charge. Open on Tuesdays and Thursdays by appointment only. Call 608-785-2377 for an appointment or to contact our director, Heather Biedenbender.

**How people and  
parishes can help.**

Right now I (Heather) have been heavily supplied with donations and do not have room to store more. I know that your churches would like to help so praying for our ministry as well as sharing our information with those who are in need would be most helpful.

**Do you dispense  
Contraception?**

No.
