

Who can we welcome home?

Every parish family has people we miss — familiar faces, former volunteers, friends, neighbors and family members who once shared in parish life but are no longer with us regularly.

Sometimes one simple invitation, offered with love, can open the door to grace. Is there someone who used to sit near you at Mass, serve alongside you or belong to our parish community, but has drifted away?

If so, please turn this card over and share whatever information you can. Your response will help our parish reach out with a personal invitation to welcome them home.
