A Track is a collection of workshops. A workshop is 6, 10-minute videos that equals roughly one hour of video, with discussion questions after each video. An automated response after each video segment will be shown when your response is typed in "Your Answer" box and Saved. These automated responses are well worth reading, as they capture the key points and includes aspects that were possibly missed. The workshop is to be "submitted". This will show that it has been completed and becomes a permanent record. Each workshop is worth 4 hours of certification credit. Note: *Franciscan at Home* workshops must be completed in a small group because this is the proven way to experience them. The richness of the content shines out in the discussion.
